We have conducted a performance audit of the State Center Community College District (the "District") Measure E General Obligation Bond funds for the year ended June 30, 2010.

We conducted our performance audit in accordance with *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our conclusion based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our conclusions based on our audit objectives.

The objective of our performance audit was to determine if State Center Community College District expended Measure E General Obligation Bond funds for the year ended June 30, 2010 in accordance with the requirements of Proposition 39, as specified by Section 1(b)(3)C of Article XIII A of the California Constitution:

*"A requirement that the school district board, community college board, or county office of education conduct an annual, independent performance audit to ensure that the funds have been expended only on the specific projects listed."*

Solely to assist us in planning and performing our performance audit, we made a study and evaluation of the internal controls of State Center Community College District to determine if internal controls were adequate to help ensure the District's compliance with the requirements of Proposition 39, as specified by Section 1(b)(3)C of Article XIII A of the California Constitution. Accordingly, we do not express any assurance on the internal controls.

In our opinion, State Center Community College District expended Measure E General Obligation Bond funds for the year ended June 30, 2010 in accordance with the requirements of Proposition 39, as specified by Section 1(b)(3)C of Article XIII A of the California Constitution.

The sample represented 14.4% of the number of expenditures and 48.8% of the total expenditure value. Verified that the expenditures were for the approved projects and were expended for the construction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities and that funds were not spent for District administrative or instructional salaries or other administrative expenses.
