Bond Oversight Committee  
State Center Community College District  
Fresno, California

We have performed the procedures enumerated below, which were agreed to by the management of the State Center Community College District, solely to determine whether the internal controls and procedures developed and implemented by the District are appropriate to protect, control, and account for the General Obligation Bond funds authorized at an election of the registered voters of the District held on November 5, 2002. The Bonds were authorized at an issuance of \$161,000,000 principal amount for the purpose of financing the addition and modernization of school facilities. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the specified users of the report.

Procedures Performed

1. Verify that the funds were accounted for separately in the accounting records to allow for accountability.
2. Verify that the net funds from the sale of the General Obligation Bonds were deposited in total into the District's accounts.
3. Verify that all interest earned on the Bond Funds were deposited in the Bond Accounts.
4. Verify that the internal controls and procedures for the accounts of the Bond funds are sufficient to protect and control the funds.
5. Verify that the funds expended complied with the purpose that was specified to the registered voters of the District in the November 5, 2002, election.
